

HAAS RECYCLING SYSTEMS

HAAS Horizontal Slow Speed Drum Chipper HTLL-H 100 x 500-2WT

**Ideal crusher for
the disintegration
and the**

volume reduction

of all waste from:

sawmills

carpenters

chip board industry

The material is continuously fed to the rotor with the band conveyor and the upper infeed roller.

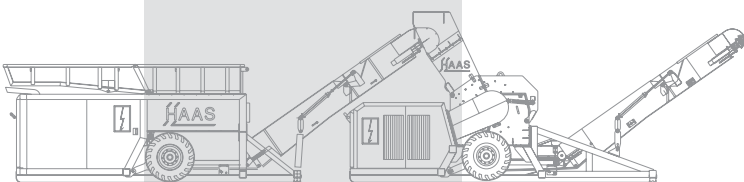

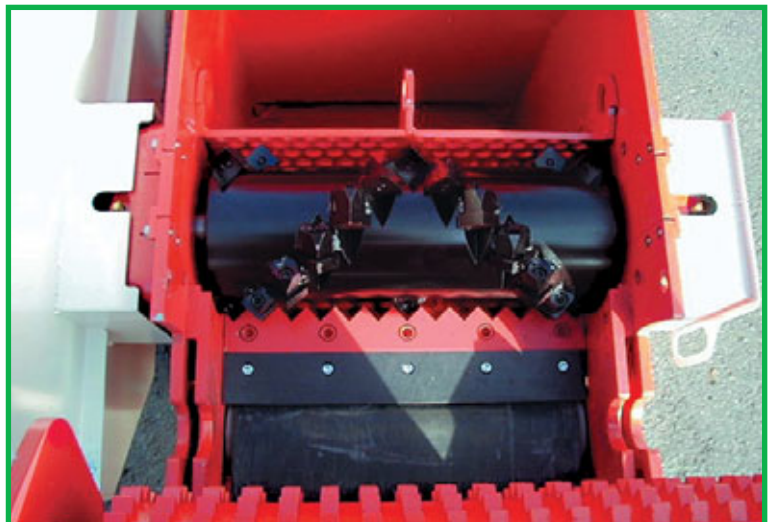

The solid steel rotor - equipped with countersunk knife pockets - efficiently produces small chips.

The screen can be changed easily.

Evacuation of the chips by air suction.

TECHNICAL DATA

Infeed height:	max. 100 mm
Infeed width:	max. 500 mm
Cutting diameter:	270 mm
Cutting knives:	13, 26 oder 39
Counter knives:	2 pcs
Rotor rpm:	350 rpm
Infeed roller:	1 pc
Infeed motor:	0,55 kW
Drive motor:	30 kW
Infeed:	Belt conveyor
Infeed belt conveyor:	W: 500 mm L: 3.000 mm
Chip evacuation:	by air suction
